Please Read this information.
It will allow us to process your application much faster.

Registration Form

Any of the required fields left blank will delay the processing.

Animal **must** have Name and/or Tag# as an identifier.

Repeating information does not need to be re-written. For example:
The same sire is for 4 animals ... simply indicate "same as above" or use
' ' marks to indicate repeating information. This is also useful for twins
and triplets and saves a lot of handwriting.

Transfer Form

This is to be used for any **NEW** registrations that are being transferred to a new owner.

Certificate of Service Form

This must be filled out if your dam was served by a ram that you do not own.

Bred Ewe Form

This must be filled out if you purchased a pregnant ewe.

Hot Rush

Our turn-around is very fast, but if you need us to absolutely send within
48 hours, you can opt for rush email copies and/or USPS rush.
Note: the rush goes into effect after all issues are resolved, so your response
time to our questions will determine how fast we process.

All rushes are first come, first serve.

If you have any questions, please call us!
We are also available on the weekends.
